Drop is how far the quilt hangs past the edge of the mattress, at the sides and the foot.

Pillow tuck adds about 10″ (25 cm) at the head to tuck under and over the pillows.

Ready-made queen quilts are often 90″ × 108″: a deeper drop than the 84 × 102″ shown here.

For backing and batting, add 4″ on every side.

Centimetres rounded to the nearest whole cm.
